Life After Life-Kate Atkinson 2013-04-02 What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

Annual Report of the Commissioner of Patents-United States. Patent Office 1915 Prior to 1862, when the Department of Agriculture was established, the report on agriculture was prepared and published by the Commissioner of Patents, and forms volume or part of volume, of his annual reports, the first being that of 1840. Cf. Checklist of public documents ... Washington, 1895, p. 148.

Old Rail Fence Corners-Daughters of the American Revolution. Minnesota Society. Old Trails and Historic Spots Committee 1914 This is an anthology of anecdotes about the Minnesota frontier, dating primarily from the 1840s and 1850s. The material seems to have been collected directly from original settlers who were still alive in the early twentieth century. There are abundant descriptions of early logging operations, agriculture, building practices, plagues, infestations, flora and fauna, and floods. Accounts of local culture range from descriptions of Indian-white relations to boarding-house life, foodways, dances and other festivities. Several settlers were attracted to Minnesota for the celebrated health of its climate; others recall its life-threatening cold.

Clothing as Devotion in Contemporary Hinduism-Urmila Mohan 2019-09-02 Urmila Mohan draws on her ethnography of Hindu devotional practices in Iskcon, India, to explore cloth and clothing as “efficacious intimacy”, that is, embodied processes that shape practitioners as devotees, connecting them with the divine and the larger community.

Invisible Women-Caroline Criado Perez 2019-03-12 Data is fundamental to the modern world. From economic development, to healthcare, to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our systems. And women pay tremendous costs for this bias, in time, money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates shocking root cause of gender inequality and research in *Invisible Women*†, diving into women’s lives at home, the workplace, the public square, the doctor’s office, and more. Built on hundreds of studies in the US, the UK, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, unforgettable exposé that will change the way you look at the world.

The Glass of Fashion-Cecil Beaton 2014-09-02 Gorgeously repackaged, this reissue of the classic book presents the iconic photographer's expert and witty reminiscences of the personalities who inspired fashion's golden eras, and left an indelible mark on his own sense of taste and style. "The camera will never be invented that could capture or encompass all that he actually sees," Truman Capote once said of Cecil Beaton. Though known for his portraits, Beaton was as incisive a writer as he was a photographer. First published in 1954, *The Glass of Fashion* is a classic—an invaluable primer on the history and highlights of fashion from a man who was a chronicler of taste, and an intimate compendium of the people who inspired his legendary eye. Across eighteen chapters, complemented by more than 150 of his own line drawings, Beaton writes with great wit about the influence of luminaries such as Chanel, Balenciaga, and Dior, as well as relatively unknown muses like his Aunt Jessie, who gave him his first glimpse of "the grown-up world of fashion." Out of print for decades but recognized and sought after as a touchstone text, *The Glass of Fashion* will be irresistible to a new generation of fashion enthusiasts and a seminal book in any Beaton library. It is both a treasury and a treasure.
